[SECTION 4]: FIRST AID MEASURES**Necessary measures to be taken according to route(s) of exposure -****Ingestion: Rinse mouth and give moderate amount of water to drink. This product is mildly alkaline. Do not induce vomiting unless directed by medical professional. If vomiting does occur, the head should be kept lower than the torso so as to prevent aspiration into the lungs.****Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting eyelids. Check for and remove contact lenses. Get medical attention.****Skin Contact: Wash contaminated skin with soap and water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Glean shoes thoroughly before reuse.****Inhalation: Move person to fresh air. If person is not breathing, call for emergency assistance (911 or other emergency number) then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.****Most important symptoms/effects: N/A****Acute: N/A****Delayed: N/A**Indication of immediate medical attention and special treatment needed, if necessary: **N/A**

Notes to physicians: **This product is mildly alkaline (pH 8-9). Treatment is symptomatic and supportive.**

[SECTION 6]: ACCIDENTAL RELEASE MEASURES

Steps to be taken in case material is released or spilled:

Personal precautions: **Wear rubber (latex or nitrile) gloves and eye protection if splash is possible.**

Environmental Precautions: **Remove free liquid. Add absorbent (sand, earth, sawdust) to spill area. After removing absorbent, wash surface with soap and water to reduce possible slipping hazard.**

Methods and materials for containment and cleanup: **Consult federal, state and local regulations applicable to disposal of wastewater.**

[SECTION 7]: HANDLING AND STORAGE

Precautions for safe handling: **Ordinary care in handling of chemicals. Wash hands after handling.**

Conditions for safe storage: **Store in a cool, dry area.**

Other precautions: **Avoid contamination of food or tobacco products. Users should be aware that a very small percentage of the population may display unexpected allergic skin reactions to otherwise innocuous industrial chemicals and raw materials.**
